SUPPLEMENTAL AMENDMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

The following amendments and remarks are submitted as a supplement to the
Amendment filed on April 2, 2003 in connection with the above-identified application.

IN THE CLAIMS

Please substitute amended claims 1-3 for the same-numbered claim that was pending
prior to the filing of this paper. A marked-up version of the amended claims is attached.

- 50
1. (Amended Three Times) A communication system which has a plurality of mobile
terminals and a base station, each of said mobile terminals and/or base station comprising:
- C1
- a medium access control sub-layer;
- upper layers of said medium access control sub-layer; and
